

If discussing money is a difficult task for adults, it's doubly so where kids are involved. Not only is the subject loaded with cryptic jargon (mortgages? Bull markets? Huh?), but it often fails to click with how a kid sees his or her world. Many young teens do not yet have a job, and even if they do, their responsibilities with their earnings are miles away from grown-up money issues. In other words, not only is money a little mysterious, it's also seen as something that's none of their concern. The Secret Life of Money is written to address this last point in particular. Its central message is that money affects us deeply and that even kids can have an effect on it, too. This book uses odd anecdotes, engaging comics, and a wealth of surprising everyday connections to help young readers see and understand cash from an entirely different angle. From the history of different currencies to why we buy what we buy, from how charities and credit cards work to saving and investing, and a whole lot more, readers will gain not only an appreciation for the myriad ways that money changes, influences, and better their lives.

Feedback and Coaching, Using Joomla: Building Powerful and Efficient Web Sites, Art, Argument, and Advocacy: Mastering Parliamentary Debate, The National Geographic Magazine, July 1916, Negroes with Guns (African American Life Series), The Radio Universe, Third Edition, Tying Flies Like a Pro, My Kind of People: Achievement, Identity and Aboriginally (UQP Black Australian Writers), Preventive Medicine: By 39 Authors,
