

This book is about the past and continuing debate over the causes of United States involvement in the Vietnam War. It brings together readings that best exemplify the widely varying answers that historians, political scientists, social scientists, policymakers, journalists, and novelists have given to the essential question of American involvement: why did the U.S. intervene diplomatically and militarily in Vietnam between 1945 and 1975 -from the Preface To Reason Why breaks new ground in covering and analyzing this issue. Kimball has gathered together thirty-eight readings - including speeches, interviews, and articles - that best exemplify the conflicting ideas and theories about the U.S. intervention in Vietnam. Among these thirty-eight readings are excerpts from David Halberstam, Daniel Ellsberg, Frances FitzGerald, Henry Kissinger, Lyndon Johnson, and Richard Nixon.
